

## *Environmental Policy*

*It is the policy of Florida Marine Transporters to conduct its business in a manner that minimizes negative impact to the environment. Consistent with this, management is committed to plan and execute its activities in a manner that meets or exceeds all regulatory and customer requirements for our operations.*

*We are committed to:*

- Striving for Zero spills*
- Minimizing our impacts to the environment*
- A pro-active approach to the identification and control of environmental risks*
- Following laws and regulation in every aspect of our business*
- Following appropriate safety and environmental management standards that go beyond regulatory compliance*
- The establishment of documented emergency procedures, drills and exercises for credible environmental scenarios*
- Continuously learning from our performance so we can effectively improve our processes to achieve our environmental goals*

*Responsibility for the implementation of this policy rests with all employees and contractors engaged in our operations.*

*Everyone has the responsibility, and will be held accountable, for working in an environmentally sound manner. Management reviews the suitability of this policy and our environmental objectives annually. Environmental performance is a key aspect in our "Pursuit of Excellence".*
