

FLORIDA MARINE

Safety Policy

It is the policy of Florida Marine to conduct its business in a manner that minimizes safety and occupational health risk to people. Consistent with this, management is committed to plan and execute its activities in a manner that meets or exceeds regulatory, industry and customer standards for marine towing operations.

We are committed to:

- Zero safety and occupational health incidents*
- A pro-active approach to the identification and control of safety and occupational health risks*
- Identifying and managing safety and health risk to employees, contractors, visitors and the public*
- Following laws and regulation in every aspect of our business*
- Continuously learning and improving our processes to achieve our safety and health goals*
- Effectively engaging our employees in occupational health and safety activity to increase the effectiveness of our processes*

Every employee has the responsibility, and is held accountable for working in a safe manner including conforming to policy, procedures, law and regulations.

Management reviews the suitability of this policy and our occupational health and safety objectives annually. Safety performance is a key aspect in our "Pursuit of Excellence"
